Get Your Cure and Seal Guide Now

The Concrete Cure & Seal Selection and Application Guide – get your copy now!

Euclid Chemical's new Concrete Cure and Seal Selection and Application Guide will help you and your customers understand concrete curing and sealing, and how when selected and applied properly, a concrete cure & seal can protect and beautify concrete investments. **Also included in this Guide are:**

- Instructions for preparing concrete surfaces for application of a sealer
- Proper application conditions and methods
- How and when to re-seal concrete
- Maintenance of sealed concrete surfaces

Prevent costly call backs and complaints by sharing the Cure and Seal Selection and Application Guide with your customers. It's available now by calling your Euclid Chemical sales representative or by clicking the "Send Me the Guide" button
