

# COLOR-MATIC G1A

## DRY GRANULAR COLOR DISPENSER

### FEATURES

- No Water Added for Dry Cast or Zero Slump Applications
- Low Dust
- One Cubic Yard Batches
- Variety of Formulations Measured Accurately
- Batch Panel Interface

Increte Systems state-of-the-art Color-Matic dispensers are integral concrete pigment dispensing systems trusted by industry professionals throughout the world to provide “Color on Demand.” Color-Matic G1A is a dry air blown color dispensing system designed for batches requiring up to 30 pounds of granular pigment. This system is designed specifically for producers of “zero slump” “Dry Cast” “Cement Blenders” where additional water cannot be introduced into the mix.

With up to 4 primary colors, the G1A can produce over 1500 pre-set recipes for Increte shades along with all other major color producers. The system also stores unlimited custom color recipes. The proprietary software can fully interact with batch control systems. The Color-Matic system stores batch records, tracks raw material levels, and warns user when inventories are low.

Every unit has an 80 gallon air storage tank for additional air storage. The over head storage can be totes (shown above) or kept in the original super sack packaging.

System requirements within 75 feet of mixer:

- 10’ x 12’ 4000 psi concrete slab
- 120 volt power
- 80 psi, 40 cfm, clean dry air
- 1.5” Discharge Connection at the mixer
- Cat 6 cable to batch office

# COLOR-MATIC G SERIES

## GRANULAR COLOR DISPENSERS

Color-Matic "G" Systems take color dispensing systems to the next level by using a low-dust granulated color to produce pigments used in supply houses, precast plants and ready-mix operations. Designed for speed and accuracy, the Color-Matic "G" will provide every producer with an economical and efficient way to dispense color.

Color-Matic "G" systems are containerized, heated and insulated.

### Dry to Wet

- "G10" - 10 cubic yards
- "G3" - 3 cubic yards
- "G1" - 1 cubic yard

### Dry

- "B" - bucket or bag (up to 25 pounds)
- "G1A" - air blown dispensing system

The system maintains inventory levels and stores a batch record in a database. Batch panel interface is available.

**NOTE:** Custom Color matching capabilities. Granular color available only through ready-mix & distributor locations with Color-Matic granular dispensing system. This printed color chart is for reference purposes only. Euclid Chemical recommends choosing colors from actual test samples.
